

## MP-14 To and From Work June, 2000

The morning subway (Marunouchi Line).

Off the train, out on the street, and inside the company.

After work, near Shinjuku Station (left two), and inside the station (right).

On the way home (left), and back to work the next day (right two).

It's 3:00 a.m. now (exactly) as I write this. Putting this one together seems fitting somehow, as all I've done this week is work, ride the trains, sleep a tiny bit (never enough!), and go back to work again to start a repetitive cycle.

7:35 a.m. I couldn't stay awake long enough to finish this! I went home by taxi (at company expense) again last night/this morning, arriving at my apartment at around 3:00 a.m. Now it's time to go to work again!
